This instrument is especially designed for the DR. SACE'S CATARRH REMEDY. It is the only form of instrument yet inven with which fluid medicine can be carried high with which fluid medicine can be carried high up and perfectly applied to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of encoes in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of efecting cures is entirely overcome by the invention
